

A photograph of a sunset or sunrise over a field with a fence and a tree silhouette. The sky is filled with soft, golden light and wispy clouds. The sun is partially obscured by the branches of a large tree on the right side of the frame. In the foreground, a dark silhouette of a fence runs across the bottom of the image. The overall mood is peaceful and nostalgic.

The sun is rising on the morning of May 13, 1989. We find a group of personage assembling to celebrate the tenth reunion of the Class of '79. As the sun rises we find the following accounts have taken place in the ten years since that glorious night.

Entering on the horizon we find Terrie Wonder Samler leading the cheers. Following her are her three children. Seems Terrie found her calling in maintenance engineering. She is still chasing motorcycles and Raymond. Following her is Marilyn Williams. Marilyn went to Kearney State and graduated with a degree in Mathematics and Education. While in Kearney Marilyn determined that the probability of becoming self sufficient was better with two instead of one. Therefore, her teaching career was short lived.

Next on the horizon is JoAnn Klinzmann. JoAnn set sails and flew around the world on language excursions before she saw that she needed a degree. She then entered the University of Nebr. and graduated with a degree in German & Campusology. The latter led her to find a German professor for a husband. Matt Kamla enters the horizon being followed by 3 children. Matt since graduation has found the perils of farming to be pleasurable and is in the process of working into a partnership.

Dianna Brunswick went to Kearney State and went into Education of the Handicapped. Dianna found this work very interesting and is currently working with t he Handicapped and raising a family of her own. She met her husband at KSC.

Last to enter the horizon is Kris White. Kris went to the National College of Business and went into Transportation. Kris then went to stewardess school and is presently flying the skies with United.
